

**THE GREAT SCOTTISH
GUT SUMMIT 2026**

**SPONSORSHIP
PROSPECTUS**

3-4 DECEMBER 2026 | P&J LIVE, ABERDEEN

On behalf of the Scottish Society of Gastroenterology and the Scottish Society of Paediatric Gastroenterology, Hepatology and Nutrition, we are pleased to invite you to support The Great Scottish Gut Summit.

This collaborative meeting will bring together SSG and SSPGHAN, with support from the British Society of Gastroenterology, to create a broader platform for shared learning across adult and paediatric gastroenterology.

Taking place at P&J Live, Aberdeen, on Thursday 3 and Friday 4 December 2026, the Summit will bring together healthcare professionals from across Scotland and beyond for two days of education, discussion, networking and shared learning across gastroenterology, hepatology, nutrition, paediatric gastroenterology and endoscopy.

Building on the established success of the SSG meetings, this expanded event will offer a broader, cross-specialty programme with opportunities for delegates to engage with expert speakers, submit and present abstracts, explore the exhibition, and connect with colleagues from across the adult and paediatric gastroenterology communities.

The meeting will also feature an Endoscopy Village on Thursday 3 December, providing a practical and interactive learning environment for delegates and a further opportunity for industry partners to engage with attendees in a focused setting.

With a larger venue, increased collaborative reach and a widened delegate audience, The Great Scottish Gut Summit represents a unique opportunity for sponsors to support a high-profile educational meeting while engaging with a specialist and highly relevant healthcare professional audience.

MEETING HIGHLIGHTS

Two-day collaborative meeting at P&J Live, Aberdeen

Joint SSG and SSPGHAN programme, with support from BSG

P&J LIVE

VENUE

P&J Live is the largest event complex in the North of Scotland, offering modern conference and exhibition facilities within a purpose-built conference and events venue.

Located in Aberdeen, the venue provides an excellent setting for The Great Scottish Gut Summit, with space to support the scientific programme, exhibition, networking opportunities and the dedicated Endoscopy Village.

The exhibition will be positioned to encourage delegate interaction throughout the meeting, with scheduled breaks and networking opportunities designed to support meaningful engagement between attendees and sponsors.

SPONSORSHIP PACKAGE

The Great Scottish Gut Summit sponsorship package has been designed to provide visibility before, during and after the meeting, while supporting engagement with a specialist healthcare professional audience across adult and paediatric gastroenterology, hepatology, nutrition and endoscopy.

Each package includes:

- Table-top exhibition space within the main exhibition area
- One exhibitor badge
- Company logo included in the event sponsor reel
- Company logo and sponsor acknowledgement included on relevant event materials and communications, where applicable
- Sponsor profile and website link included on the official event website
- Post-event meeting statistics
- Post-event attendee list

Cost

£3,000 + VAT

You may also add additional day delegates for **£100 + VAT** per person, per day.

Please note: organisations that have already confirmed sponsorship under the 2026 SSG sponsorship structure will retain the sponsorship level, benefits and agreed terms of their existing package. This standalone package is available for additional sponsors wishing to support The Great Scottish Gut Summit only.

To secure a package, please complete the following form:
